Present: Craig Hunt, Jarrod Strouth, and Amanda Hike.

Chief Spellman updated the Board on the generator for Station 2. A representative came and looked at what the Fire Department needs and will run some numbers and get back with Chief Spellman. Trustee Gleisinger requested that the Fire Department get a generator other than a Koehler because they tend to break down.

Held

The Road Department has been servicing equipment and maintaining roads. They are starting to patch roads as well.

Charlie from the Road Dept. would like to have extensions installed on the back of the new wheel loader for \$1,241.46. The old loader had extensions, and they would like to have it on the new loader so that it doesn't fling material around the back. Board approved.

The Board discussed raising the Medicount rates.

Motion #28-2025: Trustee Gleisinger made a motion to raise the Medicount Collection Rates as follows: BLS Rate to \$750.00, the ALS Rate to \$900.00, the ALS 2 Rate to \$1,250.00, and the Mileage Rate to \$18.00 effective March 17th, seconded by Trustee Daugherty and upon a roll call vote all members voted "Aye".

Trustee Gleisinger discussed with the Board the Wind and Solar Farm Agreement created by the Richland County Commissioners in preparation for if the topic comes up for Springfield Township. Trustee Daugherty reminded the Board that Springfield Township put a lot of work into blocking the Solar Farms and it's already against zoning to put a farm in Springfield Township. Also, there is not a place to put one currently. Since the Zoning Board has Springfield Township covered on the topic, Trustee Gleisinger will let the Commissioners know that Springfield Township will not be utilizing their agreement.

The Board discussed the Trebel Contract. Washington Township has not signed their energy contract yet and Mifflin Township signed on with Richland County for their energy through Dynergy. Trustee Gleisinger is investigating the possibility of piggy backing on with the County and will come back with information at a later meeting.

Trustee Orewiler has been watching the wall on the north side of Station #2 and the mortar joints are coming out at the top. Dave Thompson is going to look at the wall. Trustee Daugherty suggested relaying the joints because the mortar is shot, and a tuck point wouldn't work.

Trustee Orewiler received a bid from Joel Fox a year ago for the roof at Station #1 and Alumni is going to also give a bid for the work. Trustee Daugherty has all the specs from when they did the roof for Station #2 and contractors will need specs to bid fairly. The contractors will also need to be certified, or the warranty will not apply.

For the Drug Free Safety Program, Ohio Health Consortium is already on the books for Springfield Township Fire Department. With this program Springfield Township can set how often to test. The pulling of names will be at random and employees will test at Avita. BWC offers grant monies to reimburse for some expenses associated with the program. Trustee Orewiler will bring topic back to next meeting after he obtains more info. FO Kochheiser will complete the form listing all the full-time ff.

Trustee Orewiler has been working on obtaining information for abandoned homes in the area.

Public Comment: Mr. Hunt asked if the Road Department is drug tested every time their CDL is up for renewal? Trustee Daugherty responded that when the CDL is up for renewal a driver also has to do a physical which includes a drug test.

There being no further business to come before the Board,
